Circular

No.[SERP-17021/28/2021-PROJ MANG-ADMIN-SERP](#)

Dated: -11-2021

Sub: SERP – YSR Pension Kanuka – Unfreezing of Pensions ineligible in Navasakham Survey, Applications rejected in GSWS portal and Permanent Migration – Certain provisions enabled in Social Security Pensions Portal – Instructions – Issued.

<<>>

It is seen that, most of pension grievances received during SPANDANA are on account of cases marked as ineligible earlier getting eligible now after raising grievance on 6 step validation grievance module. There was no provision in SSP software for new enrollment with the error - “Pension ID already exists”. Now it is decided to unfreeze pensions marked as ineligible during Navasakham Survey, Applications rejected in GSWS portal and Permanent Migrated pensions so as enable the applicants to submit New Pension Applicants in GSWS Portal and reduce the Spandana grievances.

To unfreeze the pensions, a provision is now enabled in WEA/WDS login in SS Pensions Portal. The WEA/WDS will receive written request with Aadhaar details from such previously ineligible pensioners, applications rejected in GSWS portal and permanent migrated pensions crossed rollback period. The WEA/WDS will enter details and transfer to MPDO/Municipal Commissioners.

The MPDOs/Municipal Commissioners will recommend/reject and transfer to the Project Director, DRDAs for approval.

The Project Director, DRDA will approve/reject the list based on the observations of the MPDOs/MCs. The approved applicant's data will be unfreezed in social security portal. The applicants can submit New Pension Applications in Village/Ward Secretariats. The New Pension Applications will be processed and validated as per the YSR Pension Scheme guidelines in 21 days SLA. The Rejected application by the PD,DRDA will not be allowed to enter as new application by WEA/WDS. The necessary screens will be enabled and user manual will be communicated shortly.

Chief Executive Officer

To

All the Project Director, DRDAs in the State

All the MPDOs & Municipal Commissioners in the State(through PD,DRDAs)

All the WEA/WDS in the State (through MPDOs/MCs)
